and Trust Company

This card is the property of The University of Iowa. It is non-transferable and must be surrendered upon request. The University is not responsible for any loss or expense resulting from the loss, theft, or misuse of this card. Fraudulent or improper use is grounds for discipline in accordance with University of Iowa policies and procedures. Report lost or stolen cards to the Iowa OneID Card Center, 319-335-2516, or email lostid@uiowa.edu.

Gold magnetic strip is for on-campus use at The University of Iowa.

Back magnetic stripe is for A.T.M. & P.I.P.-based debit use when this card is linked to a Hills Bank checking account.
New Iowa One® Card

Existing features to remain on card:
- Bar code – campus use
- Magnetic stripe (gold) – campus use
- Magnetic stripe (black) – ATM/PIN–based debit use (if linked to Hills Bank checking account)

New features require recarding:
- New financial services provider – Hills Bank
- Proximity card – expected to be phased into use building by building

- Infrastructure Projects in Progress
  - ID Card System Upgrade
  - Identity Service Integration
  - Conversion to Iowa One® Card for prox
  - AMAG Upgrade
  - Millennium Upgrade
  - Milestone Video Surveillance

- Only one prox credential per person so if a fob is used, Iowa One® card will not be activated
AMAG System

Update AMAG data integration:
  ▸ Increase frequency of updates
Upgrade AMAG hardware and software:
  ▸ Increase capacity and reliability
  ▸ Active-directory integration
Expand data integration:
  ▸ Auto-provision/deprovision based on “rules”
Upgrade Millennium (Marlok) system:

- Upgrade hardware and software
- Modify data integration programming
- Will allow for use of Iowa One® Card as prox
- Mag–stripe functionality remains the same
- Phased building upgrade to include replacement of mag–stripe readers with prox readers
Milestone Video Surveillance

- Moratorium since July 2011 due to lack of policy, funding, and implementation standards
- Policy has been drafted and is nearing completion
- Funding model has been drafted
- Implementation standards have been defined but not yet documented
