Area Manager, Building, Maintenance and Operations
Building & Landscape Services

The University of Iowa’s Department of Facilities Management is seeking an Area Manager to be responsible for the management of General Education Funded (GEF) University of Iowa campus building maintenance and building systems operations through the process of planning, organizing, directing, and controlling organizational resources in support of Reliable Maintenance Management System best practices.

The University of Iowa’s Facilities Management department is forward thinking and prides itself on organizational innovation, communication, collaboration, reputation, and fostering a positive work environment. The organization also prides itself on the quality of its staff and fosters opportunities for individuals to contribute and make a difference in advancing the quality of the institution. We seek an individual that advances the reputation of Facilities Management as a both a “workplace of choice” and a “best practices organization.”

Qualifications include a Master’s degree in a related field or an equivalent combination of related education and experience plus 3-5 years’ experience in skilled trades activities and/or general construction.

For a full list of duties, additional required and desired qualifications, and to apply, please visit: http://jobs.uiowa.edu and reference requisition #67926.

Salary commensurate with experience and qualifications, including an excellent benefit package.

The University of Iowa is an equal opportunity/affirmative action employer. All qualified applicants are encouraged to apply and will receive consideration for employment free from discrimination on the basis of race, creed, color, national origin, age, sex, pregnancy, sexual orientation, gender identity, genetic information, religion, associational preference, status as a qualified individual with a disability, or status as a protected veteran.
