DISCUSSION / ACTION ITEM(S):

Temporary Pentacrest Signage

The placement of temporary signs in various locations on the Pentacrest to advertise the availability of the Pentacrest Museums was presented for consideration. Approximately 10-12 professionally designed and printed signs are placed during specific times on specific days to promote events at the Pentacrest Museums.

Discussion included encouraging the Pentacrest Museums to explore alternatives that align with the campus signage policy, and the potential for this setting precedence for the placement of this type of signage on campus.

The committee unanimously opposed the use of this form of signage on campus.

Hawkeye Campus Land Use Report

Preliminary planning at the Hawkeye Campus is underway with consideration being given specifically for a consolidated daycare facility and as additional health service facilities.

Discussion included the replacement of the Hawkeye Court Apartments that were damaged by the flood, relocation of the rugby field, and the consideration of area parking needs.

Formal project proposals will be brought back once they are developed.

Football Operations Facility – Phase 2

Following review by the PDC Architectural Review Committee, revised designs for the “entrance” of the Football Operations Facility were presented for the Campus Planning Committee for consideration.
The proposed designs showed a glazed glass east entrance with varying levels of opaqueness, a lighted glass canopy and integrated abstract image of the tiger hawk. The lower level is angled inwards toward the main doors of the facility.

Discussion included the effects of the lighting on the curtain wall and the subtle abstract image of the tiger hawk, the canopy height and the effects of snow and ice on the canopy, and the typeface used to identify Iowa Football.

The committee supported this design as presented.
