Snow & Ice Update

Dave Brown, Manager of Landscape Services
Snow & Ice Update

Dave Brown, Manager of Landscape Services
- 120 General Fund Building Entrances
- 700 Tons of Salt + Sand (2018-2019)
- 70+ Miles of Sidewalk
- 36 Miles of Road
After the Event

Routes and snow removal protocols are mostly set but each event is slightly different due to:

- Staff absences
- Equipment Issues
- University events
- Type of weather event

1. Staff continues with tiered priorities.
2. Manager and supervisors evaluate the event.
   - What went well?
   - What didn’t?
   - What adjustments need made?
   - Paperwork…

3. Supervisors meet with their crews and reassess and adjust as needed with staff and outside feedback.

4. Plan for next event
   - Re-order salt and sand
   - Shape of equipment?
   - Personnel rotation changes
